

## Large Mosaic Mirror Kit

### Materials Included:

-Large Round Mirror

-Sparkly Gold Mosaic Pieces

-Dark Orange Mosaic Pieces (Square & Triangle)

-Bright Orange Mosaic Pieces (Triangle)

-Light Blue Mosaic Pieces

-Sparkly Blue Mosaic Pieces

-Dark Blue Mosaic Pieces

-Yellow and Blue Acrylic Paint

-Glue

-Grout

-Paint Brush

### Instructions

**Step 1:** Remove the mirror from the frame and set aside.

**Step 2:** Take the Sparkly Gold Mosaic Pieces and glue them around the center of the mirror frame. Be sure to leave a small amount of space between each mosaic piece for grout. A little glue goes a long way so only use a dab on the back of each mosaic piece. It is important to align the mosaic pieces flush with the edge of the mirror frame. You do not want any pieces hanging over the edge.

**Step 3:** Next using the Square and Triangle Dark Orange Mosaic Pieces create the pattern shown in the picture around the outside of the Sparkly Gold Mosaic Pieces.

**Step 4:** Then glue the Bright Orange Triangle Mosaic Pieces above each Dark Orange Square Mosaic Piece creating a sun ray like Pattern.

**Step 5:** Next take the Light Blue Mosaic pieces and glue them in-between each sun ray. Make sure to rotate the mosaic piece to be a diamond shape.

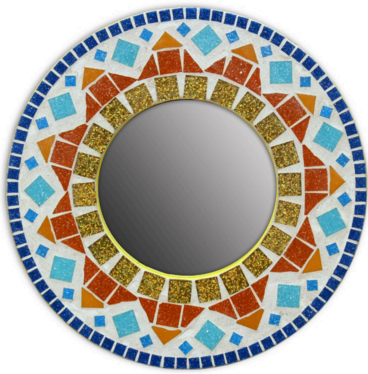

**Step 6:** Then glue the Sparkly Blue Mosaic Pieces on either side of the Light Blue Mosaic piece. Also position these into a diamond shape.

**Step 7:** Using the Dark Blue Mosaic Pieces, glue these around the outer edge of the mirror frame. Be sure to align these flush with the edge of the mirror frame (you do not want any pieces hanging off the edge). Let glue dry before grouting (10-15 minutes).

**Step 8:** Grouting Instructions: Pour grout into a disposable cup. Use a disposable spoon to mix in small amounts of water until the grout is a peanut butter consistency. Spread the grout mixture over the mirror frame's surface, letting the grout fill in all the spaces between the mosaic pieces. Allow the grout to set for 15-30 minutes, then wipe off the excess grout with a paper towel. Be sure to wipe off the grout on the inner and outer edges of the mirror frame. (Once the grout is completely dry in about 24 hours, you can use a damp sponge or cloth to polish all of the mosaic pieces.)

**Step 9:** Once grout is dry. Paint the inner edge of the mirror frame with 2 coats of Yellow Acrylic Paint. Then paint 2 coats of Blue Acrylic Paint on the outer edge of the mirror frame. Let dry.

**Step 10:** Finally once all of the paint is completely dry, insert your mirror back into the frame and enjoy!
