

Mosaic Sun Plaque Kit

Materials Included:

- Sun Plaque
- Blue-Green Mosaic Pieces
- Sparkly Gold Mosaic Pieces
- Blue Mosaic Pieces
- Dark Blue Mosaic Pieces
- Red Mosaic Pieces
- Glue
- Grout
- Gold Acrylic Paint
- Paint Brush

Instructions

- Step 1:** Position the Sun Plaque with the outlined side facing up on your work area. Then glue the Blue Mosaic Pieces around the inner edge of the black circle outline in the center of the plaque. A little glue goes a long way so only use a dab on the back of the mosaic pieces. Be sure to leave a small amount of space in between each mosaic piece for the grout.
- Step 2:** Next glue the Blue-Green Mosaic Pieces in the small rays of the Sun Plaque that are outlined in black. Glue these pieces starting from the Blue Mosaic pieces in the center and work your way down to the point of the small sun ray. Be sure to align your mosaic pieces flush with the edge of the Sun Plaque. You do not want any pieces hanging off the edge.
- Step 3:** Next on the large sun rays, glue wavy stripes of Sparkly Gold, Dark Blue, and Red Mosaic pieces. Start from the center next to the circle of Blue Mosaic Pieces, and work your way down to the point of the large sun ray.
- Step 4:** Then glue a ring of Sparkly Gold Mosaic Pieces around the inner edge of the Blue Mosaic pieces in the center of the Sun Plaque.
- Step 5:** Next using the Dark Blue Mosaic Pieces, glue a ring of these around the inner edge of the Gold Sparkly Mosaic Pieces.
- Step 6:** Finally fill in the remaining center area with Sparkly Gold Mosaic Pieces. Let glue dry completely (10-15 minutes).
- Step 7:** Grouting Instructions: Pour grout into a disposable cup. Use a disposable spoon to mix in small amounts of water until the grout is a peanut butter consistency. Spread the grout mixture over the sun's surface, letting the grout fill in all the spaces between the mosaic pieces. Allow the grout to set for 15-30 minutes, then wipe off the excess grout with a paper towel. Be sure to wipe off the edges of the plaque. (Once the grout is completely dry in about 24 hours, you can use a damp sponge or cloth to polish all of the mosaic pieces).
- 6: Step 8:** Once grout is dry, paint the edge of the Sun Plaque with 2 coats of Gold Acrylic Paint. Let paint dry completely and enjoy!
