

Lacey Love Lantern

Supplies

- 3975 Homegrown Heart Holder
- SC074 Hot Tamale
- SC016 Cotton Tail
- SC015 Tuxedo
- Lace (cut down to 13"x3")
- Ruler
- Scissors
- Fan Brush
- Detail Brush

1. Cut a piece of lace down to 13 x 3 inches.
2. Paint 2 coats of Cotton Tail around the outside center (where the lace will go) of the Heart Holder using a fan brush.
3. While still wet, place the lace on the glaze, wrapping it around the holder. Make sure to smooth out the lace so it is tight around the holder.
4. Then paint 1 thin coat of Cotton Tail on top of the lace to secure it in place. Let dry.
5. Next take your fan brush and paint 3 coats of Hot Tamale inside, and outside of the holder. While painting over the lace make sure to fill in all the nooks and crannies gently.
6. While the red glaze is still wet, carefully peel away the lace.
7. Touch up any areas on the border around the lace with Hot Tamale if needed. Let dry.
8. Using your Detail Brush, paint 5 hearts down the seam where the 2 ends of lace met. Then add small dots with Tuxedo around the heart cut-outs and around the rim of the holder. Let dry.
9. Clear Glaze, and fire to Cone 06! Enjoy a little love light ambiance by placing a tealight inside of this holder. *Perfect for any Valentine!*
