

ACRYLIC PAINT ON POTTERY TO-GO KIT **NOT FOOD SAFE!!!**

1. We have included several colors of paint for you. If you want, you can mix colors to create exactly the shade or color you want. Just scoop some of the paint out and put it on a paper plate to mix. just like any other paint. This paint is acrylic made specially for ceramics.
2. One coat of thin paint should be enough it is highly pigmented and has great coverage. If you need to apply a second coat wait until the first coat is dry.
3. We have included glitter and plain mod podge for you as well. This is to be a top coat after you complete your painting and it is COMPLETELY dry. It will seal your pottery and give it a little shine.
4. Apply Mod Podge in a thin coat and let it dry. It WILL be white when it is applied and will turn clear when it dries.
5. Rinse and dry brushes in between colors to preserve your brushes. DO NOT let the paint dry completely on your brushes or they can be ruined.
6. Acrylic paint does stain clothing so don't wear your Sunday best when you are painting.
7. You get to keep everything in your kit you do not need to return anything
8. HAPPY PAINTING!
9. A LITTLE PAINT GOES A LONG WAY!

Thank you so much for your support!! ~The Bodega
