

# ANTIQUÉ MANDALA PLAQUE

## MATERIALS

936	Woven Mandala Plaque	C500-S4	Cobalt Script Liner #4
DOTG01	Dotting Gyre	C500-Fan4	Fan Brush
9599	Hydra Art Sponge	AIA310	6" V-Stand

## GLAZES

BLS915	Caramel Swirl	BLS925	Stormy Sky
BLS962	Teal	BLS923	Olive Branch
BLS924	Lion's Roar	BLS904	Strawberry Field

## INSTRUCTIONS

- Dust off the tile plaque with a dry Hydra Art Sponge. Paint 1 solid coat of Caramel Swirl all over the tile using a fan brush. Make sure the glaze gets in the nooks and crannies.
- Take a damp Hydra Art Sponge and wipe most of the glaze from the raised texture so the Caramel Swirl only appears in the crevices. Use the same Hydra Art Sponge that is now dirty with Caramel Swirl to gently blend the remaining color on the raised surfaces for an antiqued look.
- Water down Lion's Roar to a milky consistency, then paint 1 coat all over the entire tile.
- Pour a nickel size dot of Teal, Caramel Swirl, Stormy Sky, Olive Branch, and Strawberry Field on the palette.
- Dip Spoke #8 of the Dotting Gyre in Teal and add a dot in the center of the design.
- Dip Spoke #3 in Strawberry Field and add dots to the end of the petal shapes in the center of the tile. Make sure to dip the spoke into the color between each dot.
- Use Spoke #1 to add dots in a variety of colors listed above on the design around the flower in the center.
- Use Spoke #4 to add Olive Branch dots to the diamond shapes around the middle of the tile.
- Use the detail/liner brush with Strawberry Field to add arrow shaped lines pointing towards the center of the mandala. Add red X's where the raised designs intersect. Then add a wide arrow design at the end of the geometric designs. Refer to the sample photo for guidance.
- Use Spoke #3 to add Stormy Sky dots in the small diamonds under the red arrows in the center of the design.
- Use Spoke #4 add Teal dots on the diamond shapes that are directly under the Stormy Sky dots.
- On the raised line designs of the mandala (in between the red X's and red arrows that were just painted), use Spoke #2 to add Caramel Swirl dots around the tile.
- With the detail/liner brush, use Olive Branch and Stormy Sky to add opposite pointing arrow lines on the raised diamond pattern at the outer edge of the mandala design. Refer to the sample photo for guidance.
- Add a red dot in the center of these diamond shapes with Spoke #4 of the Dotting Gyre.
- Use Spoke #2 to add Olive Branch Dots in the small diamond shapes that remain blank on the outer edge of the mandala circle.
- Use Spoke #4 to add Teal dots on the circle all the way around the mandala design.
- Use Spoke #5 to add Olive Branch, Strawberry Field, Stormy Sky, and Caramel Swirl dots on the petal designs in the corners of the tile.
- Use the detail/liner brush to add Teal lines down the petals in the corners.
- Use Spoke #5 to add an Olive Branch dot in the center of the large Teal dot in the center of the mandala design.
- Clear glaze and fire to Cone 06.
- Optional: After firing, display this beautiful tile in the 6" V-Stand.
