## Instructions

1. Dip a fan brush in clean water and thin a pile of Java Bean to an ink-like consistency. Paint the outside of the mug.
2. When the paint is still wet, use a damp sponge to wipe away the Java Bean from the high points of the mug, letting it settle in the chevron grooves.
3. Use a liner brush to paint the chevron with 2-3 coats of Poo Bear, Wine About It, Old Lace, Jaded, and My Blue Heaven. Tip: Pick a color and paint all of the triangles of that color before moving to another color. Avoid completely filling in the chevron so that the Java Bean is visible behind the color.
4. Use a medium round brush to paint the bottom of the mug 2-3 coats of My Blue Heaven.
5. Use a medium round brush to paint the handle 2-3 coats of Wine About It.
6. Use a fan brush to paint the inside of the mug with 3 coats of Poo Bear.
7. Dip the fan brush in the thinned Java Bean mixture and splatter the outside and inside of the mug.
8. Dip the eraser end of a pencil in Java Bean (no thinned) and dot the rim of the mug.
9. Clear glaze and fire to cone 06.
