Tips & Tricks

- ◆ **Do not use materials from home on this project!** Paints, markers, etc. can RUIN your project and can not be kiln-fired. Only use materials provided or referred to in the instructions.
- ◆ Glazes (colors) are water soluble and will wash out unless otherwise noted.
- ◆ Remember that glazes (colors provided) look lighter before they fire. The colors in the kit are the ones used in the sample photo.
- ◆ Apply color as instructed in the video to achieve proper coverage. Improper application can result in color variation.
- ◆ You must return the project to us be fired in the kiln.
- ◆ Once fired, the project is food safe and water-resistant.
- ◆ Projects are not oven safe.
- ◆ Hand-washing is recommended.
