

Mandala Markers

Promoted by Amy Latta Creations

How many projects would you like to sell? _____

NOTE: Garden markers are sold in cases of 12, and you'll need 2 per project. We recommend that you order more than you need to account for potential breakage. Once inventory arrives, you can adjust the number of projects you offer or choose to sell extras as regular inventory.

Project Pricing Sheet

Pricing Notes: When pricing a project don't apply a standard "markup". Instead, consider your market's average class price.

Settle on a price that will sell the project in your market and bring in a decent profit per project.

Take-home vs. in-studio class should also be considered. In-studio classes typically cost more than take-home projects. Remember:

You're a PRO! Price accordingly.

Item (See Materials List)	Cost Per Project
Garden Stakes (2)	
Dotting Gyre	
Paint Pod Strip	
Glaze per oz cost/color	
Saral Paper (4" sq)
