3. Using a small round brush, fill in the cup with Old Lace.
4. Fill in the latte with Tiger Tail and a small round brush.
5. Using Raw Hide and a small round brush, fill in the whipped cream. Add dots of Orange A Peel on top of the whipped cream.
6. Fill in the pumpkin on the coffee sleeve with Orange A Peel, the circle with Toadily Green, and the sleeve with Blue Isle.
7. Fill in the leaves around the latte with Elephant Ears, Tuscan Red, and Orange A Peel.
8. Lightly sketch in the letters if needed. Thin a small pile of Tuxedo with clean water. Load a liner brush and slowly fill in the letters. For a graphic look, make sure the ends of the letters are squared off.
9. Using a liner brush, outline the design with Tuxedo.
10. Splatter the platter by dipping a brush into thinned Tuxedo, holding the brush in your dominant hand, and tapping the brush with your non dominant hand.
11. Use a square brush to add stripes along the edge of the plate.
12. Clear glaze and fire to cone 06.
